WHAT WE DO

We provide excellence in all of our services and work to identify and meet unmet need.

Our values

Our values form the base of our mission, are built around what we believe and drive how we act. They are drawn from Mother Cabrini's life and reflect her heart, her spirit, her conviction and her approach.

- We respect ourselves, our colleagues and the excellence of the services we deliver
- We identify and respond to emerging healthcare needs in our community
- We manage our resources wisely and actively seek to minimise our impact on the environment.

Behaviours that matter

Our values are displayed in the way in which we behave in every interaction – with each other, with our patients and residents, with their families and carers, and with visitors and other customers.

The behaviours that matter have been identified through consultation with staff. They are the minimum standard expected for all who work at Cabrini (employees, volunteers and accredited staff). They describe the organisational culture that we think is fundamental to our mission to “provide excellence in all of our services”.

Unacceptable behaviours have also been identified and described as follows. These behaviours are inconsistent with our values, have a detrimental effect on others and prevent us from achieving our mission and quality goals. If you experience or witness these behaviours, please speak up. If you are unable to address the issue yourself, advise your manager, another senior member of staff or People and Culture.

We are committed to safety and quality:
