WHAT WE BELIEVE

We are a community of care, reaching out with compassion, integrity, courage and respect to all we serve.

WHAT WE DO

We provide excellence in all of our services and work to identify and meet unmet need.

Our values

Our values form the base of our mission, are built around what we believe and drive how we act. They are drawn from Mother Cabrini's life and reflect her heart, her spirit, her conviction and her approach.

Compassion

Our drive to care is not just a professional duty to provide excellent quality care but is born of a heartfelt compassion for those in need, motivated by God's love for all people.

- We care deeply about each and every person we serve
- We respond willingly and positively to help meet the needs of those around us
- We put people first as we look to provide extra support and care, beyond our professional duties
- We promote a sense of belonging and community.

Integrity

We believe in the power of hope to transform people's lives and remain faithful to the bold healing mission and legacy of Mother Cabrini.

- We remain true to our beliefs at all times – our mission and values are non-negotiable

- We are welcoming, hospitable and find comfort and motivation in the context of God’s all-inclusive love
- We look for the good in each other and recognise each person’s contribution as we work together to provide the best possible experience for our patients, residents and their families
- We are honest and reliable, making decisions that are consistent with our mission and taking responsibility for our own actions.

Courage

We have the strength, determination, vision and conviction to continue the work of Mother Cabrini and the Missionary Sisters.

- We care for the whole person – spiritually, physically and emotionally – creating an environment of hope and healing
- We rise up to challenges and opportunities, meeting them with an open mind and a positive attitude
- We maintain the courage of our convictions and express our values through our actions
- We continually look beyond our current services to help support and engage with those who are marginalised.

Respect

We believe that every person is worthy of the utmost respect and the best possible healthcare. We know that our resources are entrusted to us to use for the benefit of others.

- We uphold the worth and dignity of all people, regardless of gender, race, age, ability and social position and treat them with courtesy, respect, equality and justice
- We respect ourselves, our colleagues and the excellence of the services we deliver
- We identify and respond to emerging healthcare needs in our community
- We manage our resources wisely and actively seek to minimise our impact on the environment.

Behaviours that matter

Our values are displayed in the way in which we behave in every interaction – with each other, with our patients and residents, with their families and carers, and with visitors and other customers.

The behaviours that matter have been identified through consultation with staff. They are the minimum standard expected for all who work at Cabrini (employees, volunteers and accredited staff). They describe the organisational culture that we think is fundamental to our mission to “provide excellence in all of our services”.

Unacceptable behaviours have also been identified and described as follows. These behaviours are inconsistent with our values, have a detrimental effect on others and prevent us from achieving our mission and quality goals.
